Financial Analysis

Key financial ratios and insights:

- Asset-to-Liability Ratio: 1.95:1 - Strong liquidity position
- Equity Ratio: 48.7% - Healthy capital structure
- Current Asset Coverage: AED 144.6M in liquid and current assets
- Fixed Asset Base: AED 56.5M in property, plant & equipment

The balance sheet reflects a well-capitalized organization with substantial cash reserves and a conservative debt profile, positioning Elrace for continued growth in the UAE construction and facilities management market.
